Worship Theme: Diversity and Equality. Equality and diversity is a term used in the United Kingdom to define and champion equality, diversity and human rights as values that are fundamental to our society. It promotes equality of opportunity for all, giving every individual the chance to achieve their potential, free from prejudice and discrimination. UK legislation requires public authorities to promote equality in everything that they do. It also ensures that other organisations meet their legal duties to promote equality. In the UK under the Equality Act 2010 there are certain legal requirements under existing legislation to promote equality in nine areas of protected characteristics. These are often collectively referred to as the general duties to promote equality. The nine areas are: Age, Disability, Gender reassignment, Marriage and civil partnership, Pregnancy and maternity, Race, Religion and belief, Sex and Sexual orientation. In our worship theme this week we will be reminding ourselves of these nine areas.
